Surrendered by Salvation of a Communist handbill, copies of which were found in the Recruits Training Depot Compound, Gordon Road Station at 10 a.m. October 12, 1932.

To soldiers, and Chinese policemen in the Settlements and Chinese controlled territory in connection with the Double Ten Anniversary,

We have been suffering considerably from the maladministration of the Kuomintang. Civil war, outrageous taxation, public sale of opium, blood and iron have deprived the poor people of the means of livelihood.

On the Double Ten Anniversary of last year, the Japanese militarists murdered thousands and thousands of our people in the North East, and on the Double Ten Anniversary of this year, the Japanese militarists will launch a second attack upon Shanghai. Japanese warships and aeroplanes have concentrated at Shanghai to kill anti-Japanese workers and poor people in order to suppress the anti-Japanese movement, and the various imperialistic powers are planning to partition China and conquer Soviet Russia.

Kuomintang members are imperialistic running dogs and national traitors. They are suppressing the anti-Japanese movement and attacking the Red Armies. Therefore we must overthrow the Kuomintang before we can drive away the imperialists.

The Red Armies, which are under the leadership of the Chinese Communist Party, are the real anti-Imperialist forces in China. In Soviet areas, workers are free from the oppression of capitalists, and soldiers and officers and others are all entitled to equal distribution of land. Let us support the Red Armies!

Let us unite and support strikes and boycotts.

Let us protect Shanghai and overthrow the Kuomintang by force of arms.

The Kiangsu Provincial Military

Committee of the Chinese Communist Party.

Summarized translation of a communist handbill, copies of which were found in the Recruits Training Depot Compound, Gordon Road Station at 10 a.m. October 12, 1932.

Chinese policemen brothers! Join the Communist Party! Oppose a second attack upon Shanghai by the Japanese! Overthrow the Imperialistic Kuomintang!

Do you remember that in last year our brother Dien Zung Sung (田仲生) was murdered by the Japanese imperialists and that the Municipal Police, instead of protesting against this tragedy, disarmed all of us? Do you remember that when the Japanese attacked Chapei from the Settlement, the S.M.C. failed to interfere? In fact, the British, American and French Imperialists are robbers who kill our poor people and assist the Japanese imperialists in their brutal acts. Don't you see that the Japanese forces have concentrated at Shanghai and will soon start a wholesale murder of the Chinese people?

The Kuomintang is an Imperialistic running dog as it is suppressing the anti-Japanese movement and welcomes the partitioning of China by the imperialists. Brethren! Raise your guns and fight against the Japanese imperialists and the Kuomintang in conjunction with the labourers, peasants and poor people in Shanghai. The Red Armies, who are the vanguards of the anti-imperialist forces, have defeated the government troops and will come into contact with the Japanese forces in the near future. So you must unite with the Red Armies.

The Chinese Communist Party aims at the establishment of the political authority of the proletarian classes. Under communist rule, workers work only 6 hours a day but get more pay, and peasants and soldiers and officers are given land and are free from outrageous taxation. You should join the Communist Party.
